Web Technologies

The Road Ahead

Lecturer - Sean Cahill

Email: sean@nmm.ie

Content

- Web Development Environment

- Server Side programming, PHP programming language

- Javascript, JQuery

- MySql Database

- Security issues

- CMS (Content Management systems)

Your Task

- Go deeper than just the lecture notes

- We have limited class time so you will need to do your own research into topics discussed

- Ask questions if unsure and/or you want more information on a topic

- Get hands on with programming

- Plenty of resources out there. Use google to find tutorials or to research a topic or to troubleshoot problems

Assessment

- CA   -   20% , in class quiz - around week 8

- Project   -   30%, from around week 4/5 to end of term

- Final Exam   -   50%, written exam
